

Dear Friend,

Scott Dawson is the real deal! He has a heart for God and a heart for lost people. Recently when I was going to be away from my church I wondered who I might bring in that would bless our people and be true to the Word. Scott Dawson immediately came to mind! Our people loved him and can't wait for him to return.

Scott preaches with passion and clarity. He is uniquely gifted to hold an audience's attention while boldly sharing the good news of Jesus Christ! He has a shepherd's heart so he knows how to be an encouragement to pastors.

I highly recommend Scott to you and your church. You will not regret using his gift as an evangelist and you'll make a lifelong friend in the process!

God Bless,
